

KIRKWOOD P. DONAVIN – SKI PATROL / EMT / WFR

Kirkwood.Donavin@Gmail.com | +1 (801) 554-6834 |  LinkedIn |  Strava |  Mountain Project

Outdoor professional with experience in mountain operations, guest service, and emergency medical response

SUMMARY

Outdoor medicine and education professional with NREMT and WFR certifications. Experience working and playing in mountain environments, coaching youth and adults, and delivering instruction on mountain bike mechanics. Interested in ski patrol roles where strong situational awareness, rapid assessment, and calm communication are essential to guest safety and mountain operations. Brings a strong foundation in alpine recreation, emergency preparedness, and winter resort service.

EXPERIENCE

BARISTA — ALTA SKI AREA, ALF'S RESTAURANT — ALTA, UT — JAN 2026 TO APR 2026

Worked in a fast-paced, guest-focused environment serving at high-altitude, winter-weather setting. Developed calm communication skills, and the ability to remain effective under pressure while supporting the needs of visitors and teammates. Developed familiarity with resort operations, mountain culture, and high-service expectations in ski terrain environments.

YOUTH CLIMBING COACH — MOMENTUM CLIMBING — SALT LAKE CITY, UT — MAY 2026 TO PRESENT

Coach youth climbers ranging from ages 3 to 18, supporting skill development from fundamentals and climbing appreciation in young children to advanced skills in bouldering and lead climbing in adolescents. Focused on teaching risk management and movement fundamentals in a structured, encouraging environment.

- **TEACH** fundamental climbing skills and progression for youth athletes across a wide range of ages and ability levels
- **COVER** technical topics including body position, core engagement, lead climbing fundamentals, and movement efficiency

COMMUNITY ED. INSTRUCTOR — BICYCLE COLLECTIVE — SALT LAKE CITY, UT — MAY 2025 TO PRESENT

Bicycle mechanics instructor helping learners build skills and confidence through clear, practical instruction.

- **TEACH** mechanical repair and maintenance skills with emphasis on safety, troubleshooting, and practical application
- **COMMUNICATE** technical concepts effectively to learners with different experience levels

HEAD LIFEGUARD — SALT LAKE CITY SPORTS COMPLEX — SALT LAKE CITY, UT — JUN 2007 TO AUG 2009

Supervised aquatic operations in a public recreation setting, ensuring patron safety and maintaining a rapid, organized response to emergencies. This role reinforced vigilance, hazard recognition, and calm decision-making in a safety-critical environment.

- **LED** lifeguard rotations and pool safety coverage while maintaining clear communication among staff
- **RESPONDED** to safety incidents and environmental hazards, including lightning and contamination events, by clearing the pool and enforcing emergency protocols
- **MONITORED** pool chemical conditions and reinforced prevention-centered practices ("walk, don't run!") to protect guest safety and maintain compliance

EDUCATION

RELEVANT TRAINING: NREMT Basic Certified (until 2028), Wilderness First Responder (WFR, until 2028), Recreational Avalanche Safety I & II (AAI), Outdoor Leadership
