

KIRKWOOD P. DONAVIN – SKI PATROL / EMT / WFR

Kirkwood.Donavin@Gmail.com | +1 (801) 554-6834 |  LinkedIn |  Strava |  Mountain Project

Outdoor professional with experience in mountain operations, guest service, and emergency medical response

SUMMARY

Outdoor-oriented professional with experience in guest-facing mountain environments, coaching, and hands-on instruction. Interested in ski patrol roles where strong situational awareness, rapid assessment, and calm communication are essential to guest safety and mountain operations. Brings a strong foundation in alpine recreation, emergency preparedness, and public-facing service in winter environments.

EXPERIENCE

BARISTA — ALTA SKI AREA, ALF'S RESTAURANT — ALTA, UT — SEASONAL, LAST WINTER

Worked in a fast-paced, guest-focused environment serving at high-altitude, winter-weather setting. Developed calm communication skills, and the ability to remain effective under pressure while supporting the needs of visitors and teammates.

- **DELIVERED** guest service in a demanding alpine environment with changing weather and heavy mountain traffic
- **SUPPORTED** a team-oriented service environment by communicating clearly, staying composed, and helping maintain a safe, welcoming experience
- **DEVELOPED** familiarity with resort operations, mountain culture, and high-service expectations in ski terrain environments

VOLUNTEER TRACK COACH — SLC TRACK CLUB — SALT LAKE CITY, UT — FEB 2022 TO PRESENT

Volunteer coach for a community-based training program serving athletes of varying ages and abilities. Focused on safe training habits, clear instruction, and encouraging consistent progress in a team environment.

- **LED** group workouts and supported athletes through warm-ups, drills, and recovery-focused instruction
- **HELPED** athletes build confidence, improve technique, and stay engaged through structured coaching and feedback
- **APPLIED** communication, observation, and problem-solving skills in a dynamic, people-centered setting

COMMUNITY EDUCATION INSTRUCTOR — BICYCLE COLLECTIVE — SALT LAKE CITY, UT — MAY 2025 TO PRESENT

Instructor for hands-on bike maintenance courses, helping learners build skills and confidence through clear, safety-focused teaching.

- **TAUGHT** practical mechanical skills and reinforced safe handling, attention to detail, and step-by-step problem solving
- **COMMUNICATED** technical concepts effectively to learners with different experience levels
- **SUPPORTED** a welcoming, educational environment centered on safety and responsible participation

HEAD LIFEGUARD / WATER SAFETY INSTRUCTOR — SALT LAKE CITY SPORTS COMPLEX — SALT LAKE CITY, UT — JUN 2007 TO AUG 2009

Supervised aquatic operations in a public recreation setting, ensuring patron safety and maintaining a rapid, organized response to emergencies. This role reinforced vigilance, hazard recognition, and calm decision-making in a safety-critical environment.

- **LED** lifeguard rotations, and pool safety coverage while maintaining clear communication among staff
 - **RESPONDED** to safety incidents and environmental hazards, including lightning and contamination events, by clearing the pool and enforcing emergency protocols
 - **MONITORED** pool chemical conditions and reinforced prevention-centered practices ("don't run!") to protect guest safety and maintain compliance
 - **TAUGHT** swimming lessons for children, emphasizing prevention, supervision, and safe participation in the water
-
